

The 26th Electromagnetic Induction Workshop (EMIW2024) @ B-Con Plaza, Beppu, Japan

Second Circular

We are looking forward to seeing you at the EMIW2024 to be held in Beppu, Japan. The registration, abstract submission, and financial support application will open on February 19, 2024 at the workshop website, <https://www.emiw.org/emiw2024/>. Please follow the steps below with care.

Step 1. Membership validation (for all participants but accompanying persons)

Become an IAGA Division VI member if you are not a member yet, or confirm (or update) your membership information if you are a member, at <https://www.emiw.org/members>. Your membership information, in particular affiliations, e-mail address, or status might be outdated. The information is automatically taken over to the workshop registration and you CANNOT modify it at the following steps. Update of your e-mail address in the database may take some time and therefore please don't rush at the last moment of the registration deadline.

Step 2. Registration (for all participants but accompanying persons)

Login as an IAGA Div. VI member first and then submit a registration form at <https://www.emiw.org/emiw2024/registration>. Payment of the registration fee by a credit card is to follow. Early bird registration will close at 23:59 (PDT = UTC - 7h) on April 15, 2024. Normal online registration will close at 23:59 (PDT = UTC - 7h) on July 8, 2024. **Persons who will apply to the financial support at Step 4 are asked to postpone the payment at this step.**

Step 3. Abstract submission (for those who plan to present a paper)

Prepare your abstract as a PDF file using the templates on the web. Upload the PDF file in the abstract submission form at <https://www.emiw.org/emiw2024/abstracts>. The submission deadline is at 23:59 (PDT = UTC - 7h) on June 17, 2024.

Step 4. Financial support application (for those who are eligible and interested in)

Fill in the application form at <https://www.emiw.org/emiw2024/financial-support>. An applicant must be the presenting author of a paper and not have received a financial support for one of the previous (three) workshops. You need an estimate of the costs you want to request for the support. The application deadline is at 23:59 (PDT = UTC - 7h) on April 15, 2024.

Accommodation

Although Beppu offers plenty and a wide range of accommodations, **it is highly recommended to book your room as soon as possible**. You can find rooms using any booking service such as booking.com, etc. The LOC also has blocked some accommodation capacities. A link to these accommodations will be available on the workshop web page at later stage.

Excursion

The LOC is planning to organize four excursion courses. Detailed information on the courses will be available at <https://www.emiw.org/emiw2024/program-1/excursion> around middle of May 2024, where you can register your favorite one.
